Money

Account \$660 with no paperwork attached

Image

Big poster

Big poster with inspirational message by Joe Register

T-shirts

Joe has been working on a design so we *look* like a cohesive group

Ideal design should be easy to stencil and spray-paint

X-labs declaration

Flyer/posters

Large posters to put up in areas with high potential for recruits

Logo

Website

Content needs to be added, especially electronics and payload

Halloween

We need to load up some of the demos and take them to Dr. Fehr's house

See the flyer on the website

Tesla coil will be the only demo to be taken to Dr. Fehr's house

Coyt may be able to work on the lifter tomorrow, Saturday 10/30,

Prep: Saturday 10/30 2-3 PM; Sunday 10/31 4-6 PM

Show: 6:30-10:30 PM

Alex can come around 7:30.

Billie will put together a small viewing session for after the party.

Demos that will be there

Tesla

Jacob's ladder

MOT stacks

Cool junk

Ferrofluid

Expo

February 18-19, 2011, Friday and Saturday from 9:00 AM to 4:00 PM

We need to make signs for Expo, A-frame sign or Y-frame sign

We should come early to set up, 7-8 AM

We want our exhibit to be both a show and interactive.

We want access to circuit breakers because we're going to throw a few

Tesla Coil

Structure needs work

Audio-video cart with big rubber wheels

Transformers on the bottom, cap bank and rotary spark gap

New base: Rebuild the primary on big circular black board, square board screwed to bottom to fit into AV cart

Liquid kapton to insulate primary and secondary coils in order to make the primary vertical

We would like to have a laser light show. Alexandro and/or Aron might be able to do this.

Big Tesla Coil

DJ and Tesla coil outside on the lawn; everybody DANCE!

Billie will research and head up the build

Lifter

We have an acrylic case for the lifter (aka ionic thruster)

Needs base and a monitor board from a CRT monitor

Fusor

Cap Bank

Works and ready to go, with screw on terminals

Coil gun

Coyt needs a barrel

Ring Launcher

Coyt has the ring launcher built

LED throwies
