Everyone,

The 2011 Engineering EXPO was a huge success for X-Labs! We performed approximately 25 shows over Friday and Saturday for a couple thousand people. X-Labs even won the best student show award! Great job guys!

For anyone interested in joining X-Labs, it is completely free and there are no requirements. We met several people who seemed interested in joining over the course of EXPO, so we hope to see some new faces around X-labs in the next week or two. X-Labs meets every week on Friday at 4:30p.m. on the main USF campus. We meet more specifically in Engineering Building 3 (ENC) on the third floor in room #3408. To join, all you need to do is come to a meeting!

If you have any other questions you can email one of the following members:

1. Coyt Barringer at coyt.barringer@gmail.com

2. Joe Register at jjregist@gmail.com

The meeting coming up this Friday will include a more in depth explanation of X-Labs for any new members. We will also be discussing the good and bad of EXPO as well as our next projects and things that need to get done now that EXPO is over. Meetings normally last an hour or two and it is fine if you need to come late or leave early.

2011 Engineering EXPO is over!
